

Clean Fuels

The following fuels are defined as alternative by the Energy Policy Act of 1992, and are commercially available for vehicles:

- Biodiesel,
 - Ethanol,
 - Natural Gas, and
 - Propane.
- Please visit the links to the left to learn more about each cleaner fuel option, or visit the U.S. Department of Energy's Alternative Fuels & Advanced Vehicle Data Center: <http://www.eere.energy.gov/afdc/fuels/index.html>
